Dear Professor Roman Matveev,

I would like to congratulate you on your new appointment as Rector at the Postgraduate Doctors' Training Institute.

I note that the medical training in Classical Homeopathy has been very successful. Up to the present time, it is very gratifying to hear that more than 100 students have been educated in Classical Homeopathy with the complete teachings of the *International Academy of Classical Homeopathy* (IACH).

As the Postgraduate Doctors' Training Institute is affiliated with the IACH, I would like to draw to your attention this recent article from our Research Department which appeared in the prestigious medical Journal, *Clinical Cases Reports of Wiley Online Library: Psoriasis cases of same diagnosis but different phenotypes—Management through individualized homeopathic therapy* <https://onlinelibrary.wiley.com/doi/full/10.1002/ccr3.2197>, along with the accompanying abstract video of the paper: <https://vimeo.com/340499223>.

Prof. Gerasimova, Prof. Denisova and Dr Pakhmutova and the *IACH* Research Department also published a paper in the American Journal of Case Reports:

Individualized Homeopathic Therapy in a Case of Obesity, Dysfunctional Uterine Bleeding, and Autonomic Dystonia <https://www.amjcaserep.com/abstract/index/idArt/913328>.

You will find in this link further significant Research work of the *IACH*: <https://www.vithoulkas.com/writings/articles>

I feel sure our mutual collaboration will prove beneficial for the wonderful peoples of Russia, and our association will expand and become fruitful.

Yours sincerely,

Professor George Vithoulkas
